START

NEED A STARTING POINT?

The *FMV Estimator*™ is a unique module, where users can quickly identify market ranges for provider compensation and access high-quality data that helps hospitals make informed decisions related to FMV conformance, compensation planning, and recruitment.

KNOW WHERE YOU STAND

Whether you are performing regular compliance reviews or conducting due diligence as part of an acquisition, the *Provider Audit*™ streamlines the identification of risky arrangements by assessing compensation, productivity, and other payment data.

COST-EFFECTIVE VALUATIONS

With FMV-MD®, users can access instant risk assessments along with opinions of FMV and commercial reasonableness for for less complex provider arrangements. Have a complex arrangement? Check out our *Get To Green*™ feature, or consult directly with one our compensation experts!
